NEC Code Relationships

- Principal NECs
  - Identify stand alone skills and may include skills or abilities identified by a Component NEC(s)
- Component NECs
  - prerequisite qualifications for assignment of the Principal NEC
  - removed from inventory upon award of a Principal NEC.

- PERS-4013 will not re-award a component NEC if the principal NEC is already held by the member

NEC Awards via Schoolhouse

- NECs earned via a schoolhouse are generally submitted into CeTARs and further transferred to:
  - Electronic Training Jacket in FLTMPS
  - SMART transcript
  - Navy Enlisted System (NES)
- If the NEC accurately reflects in NES, NES will update the EDVR
- If NES does not reflect properly, PERS-4013 will attempt to adjudicate the NEC award

NEC Additions

- Must be submitted utilizing NAVPERS 1221/6
- May require supporting documentation
- Authority to certify the routine award of NECs may be delegated by the Commanding Officer or OIC
- May require ECM concurrence

NEC Removals

- Must be submitted utilizing NAVPERS 1221/6
- May require supporting documentation
- MUST be signed by the Commanding Officer or OIC if it affects pay and allowances
- May require ECM concurrence

NEC Waivers

- Requests to waive the requirements of an NEC must be submitted via the NAVPERS 1221/6
  - "Waiver Request" should be specifically indicated
- May require ECM concurrence
- Requirement for rate or rating cannot be waived
- Pre-requisites for the NEC may be waived in some instances

NEC Verification

- Review FLTMPS (CAT A/B/C reports) and/or PCEDVR (Sections 6-8) monthly
- Review all orders for prospective gains to identify any DNEC/NEC mismatches (see EDVR Tutorial for "how to correct" info)
- Track OJT awardable NECs
  - Submit NAVPERS 1221/6 when member is eligible
- Ensure personnel re-certify for NEC(s)
  - If member does not re-certify, submit NAVPERS 1221/6 to remove NEC/DNEC
- Recommend qualified personnel for NECs via waiver request
- Coordinate DNEC changes with your Command Placement Coordinator

NEC Verification via PCEDVR

- In column M of the EDVR, a DNEC-to-Inventory flag is in place to assist in verifying the EDVR. If there is an instance where a sailor is distributed (DNEC) to a billet with an NEC he/she does not hold, the system will automatically assign a 4 digit code. These codes are as follows:

***1 - Satisfactory completion via formal course of instruction (COI) is mandatory

***2 - Satisfactory completion via On-the-Job (OJT) and/or Formal COI is required

***3 - Completion via OJT only

- A small number of codes may not be accurate and will need to be adjusted in order for the requisition to reflect properly – contact the NEC Management section with specific questions.
